

WATERZOOKA®

[Buy Now](#)

The WATERZOOKA® squirt gun combines the large capacity of today's mainstream water battle weapons with superior long range the exceeds the requirements of conventional recreational water delivery systems (RWDS). The WATERZOOKA® series provides unparalleled performance in an industrial strength package with a 1.2 quart capacity and rapid 5 second unload time that is ahead of the competition.

Maximum uptime is ensured by advanced engineering that enables tool-less field disassembly and cleaning. Fast, easy-to-use, rugged and reliable – the WATERZOOKA® series continues to set a new standard for water battle weaponry.
